AIRMEN TO BOMB CITY WITH CARDS FOR THE WOMEN

Half Dozen De Havilland Planes to Fly Over Town Tomorrow Afternoon.

Preparations were completed today for the "bombing" of Bridgeport by a fleet of six De Havilland airplanes tomorrow afternoon at Seaside park. Fifty thousand "bombs" in the form of cards carrying a message to the women of the city, were sent to the Mineloa aviation headquarters yesterday, and the airmen will drop those from their big planes as they circle over the city.

Word was received that the squadron will be in command of Capt. Rodrick Tower, 46th Squadron, Group B, First Reserve Brigade, Air Service. Unless plans should be changed at the last minute, the planes will all be De Havillands, the type of big bombing plane that has taught the Germans respect for the ability of American airmen and the efficacy of American ammunition.

Wheeler & Wilson band will give a concert in the pavilion in the race track from 2:30 until 4:30 o'clock. The airmen will reach the city as near 3 o'clock as possible, although it is possible they may come a few minutes earlier or later. Attempts will be made by the aviators to fly as low as possible, so that the public may have a good chance to see the big machines, and so that the messages they are to drop may reach the big crowd that undoubtedly will gather to see them.

Emergency landing places are being marked with big white sheets of cloth today, by local army officers, who located several such fields in the outskirts of the city. Maps of this section of Fairfield county also have been provided the airmen.

DRAFT BOARDS TO REPLACE RECRUITING

Details of the War Department's plan by which local draft boards will hereafter exercise the functions hitherto performed by recruiting stations for the army, navy, and marine corps were made public last night by Major John Buckley, chief draft executive for Connecticut. By reopening the navy and marine corps to drafted men the government has not reopened the recruiting stations, but has decreed that all inductions into all branches of the military service shall be through the channels of the selective service organization.

In the future local boards will receive calls from time to time directing them to entrain men for designated naval stations or marine corps cantonments, just as they have sent men to national army camps in the past year. The branch of service for each call will be designated: As No. 1250A for the army, or No. 1016N for the navy, or No. 102M for the marine corps. The physical requirements for the army and navy will be identical, and it is probable that there will not be any wide divergence in standards for enlistment in the marine corps. The navy, however, will not accept men who cannot speak English, read or write, and will admit only American citizens, all declarations being barred.

Men will be taken on call according to their order numbers just as has been done in the past, except in special instances when the services of skilled men is required in one of these branches.

ASPIRATION FOR PEACE NOT SIGN OF HUN WEAKNESS

Amsterdam, Sept. 20.—In speaking of the German peace aspirations at a banquet given by the town council of Leipzig in honor of Swiss guests Count von Vitzthum d'Eckstadt, the Saxon Foreign Minister, said:

"The reason for our readiness for peace is not a consciousness of weakness, but a sober recognition of the fact that endless prolongation of the war must lead to a collapse of European culture. Pan-German politicians let alone German statesmen, have never revealed in any speech such wild aims as to destruction as the official leaders of our enemies have done since the outbreak of the war, and are doing today.

"We know this paradox of hate is not a sign of real strength, but only designed to deceive neutrals and kindle the exhausted war passion of their own countries.

"When, however, for the same purpose, an American street rabble murders before the eyes of the authorities, and with terrible tortures, peaceful Germans and German-Americans in the United States, and their murderers are acquitted in American courts we have the right to characterize as an immoral interference by that country in internal affairs.

"German order should be able to stand in comparison with American lawlessness. We are not nation of wild conquerors. The government has no sympathy with Pan-Germanic demands, but we also are not a nation of slaves."

LEADERS NEEDED BY BOY SCOUTS

The Boy Scout work in Bridgeport will degenerate sadly if more men are not found to take charge of the boys. As many of the leaders are in the present draft it will necessarily retard the work which the Scouts are supposed to do in the coming Liberty Loan campaign. The present head of the Scouts, Leon Argersinger, will be pleased to communicate with men who have the time to give to the work, at the headquarters in the Security building.

SATURDAY NIGHT PICTURE SHOWS AT M. E. CHURCH

Realizing the opportunity of doing their bit in the war, the Men's Assembly of the First Methodist church, Fairfield avenue and Broad street, have decided to offer an interesting and entertaining moving picture show every Saturday night.

Their object in doing so, is to permit the people of Bridgeport to know weekly just what is being done by the citizen army of the United States in helping to win the war with our boys "over there."

There will be no charge for attending these shows or any war tax incurred, but a collection will be taken, simply to defray expenses.

This Saturday night their feature film will be a three reel photo play, having to do with the part the railroads are playing in helping to win the war. This photo play is of an interesting and patriotic nature, giving the audience an opportunity in realizing how the railroads had to prepare for transporting our soldiers. There will also be shown other films on other subjects of interest, including a cartoon film.

Another leading film of the evening's entertainment, will be a Burton Holmes' Travelogue on Hawaii, including surf riding. This is very interesting and educating and anyone who has witnessed any of Burton Holmes' Travelogues, can be assured that this film will be of the same excellent high standard quality as all others produced by this traveler.

The doors will open at 7:45, and the show will start promptly at 8. For the present, there will be only one show on each Saturday night.

SUES FOR \$600

Another suit of damages filed in the Court of Common Pleas today is that of George H. N. Johnson of this city against Samuel Sandhaus, also of this city, for the amount of \$600 on account of a refusal of the payment of \$350 lent to the defendant some time ago. The action is returnable to the October term of court.
